Friday, March 11th Group B

Science: In this Trimester we have completed Block 2; Unit 1 and 2.

The activities that are going evaluated during this Trimester are: page 32, page 38, page 44, page 50 and 2 evidence of their planted seed.

2°B will need to have their material on March 4th and they will expose their project on March 11th.

In this Project, students will create a model of one habitat and some species that live there. **Students will do the project during the Science Class.**

Materials:

- Recycled material
- Construction paper (Papel cascarón)

IMPORTANT: THE PROJECT IS A MODEL, NOT A DRAWING

Students will choose a habitat; rainforest, desert, tundra, ocean or savanna. Students will have to make model of the chosen habitat in which they are going to put 5 species that live there.

For the conversation exam students will have to explain their model, explain which animals live there and if those animals are aquatic or terrestrial. They will also have to say one plant that grows there.

Rubric

Information	The project needs to have name of the student, name of the habitat, names of the 5 animals that live there and name of the plant that grows there.
Neatness	The work is clean and clear.
Handwriting	The written text can be understood.
Spelling	Words are written correctly.
Presentation	Students explain some of the characteristics of the habitat, the animals and plants that live there and why they chose that place.
Materials	The work has been made with the asked materials.
